# KomandCenter®

single dashboard efficiency and convenience!

Time To Take Komand!

▶ **Simultaneous control of ALL JB products**

▶ **Simplified teaching-learning experience**

Productivity — Quality — Profitability

JB MACHINERY

KomandCenter®
a fully comprehensive control interface

KomandCenter combines enhanced controls, diagnostics, monitoring and reporting for all JB Machinery press equipment into one convenient, intuitive and user-friendly dashboard interface.
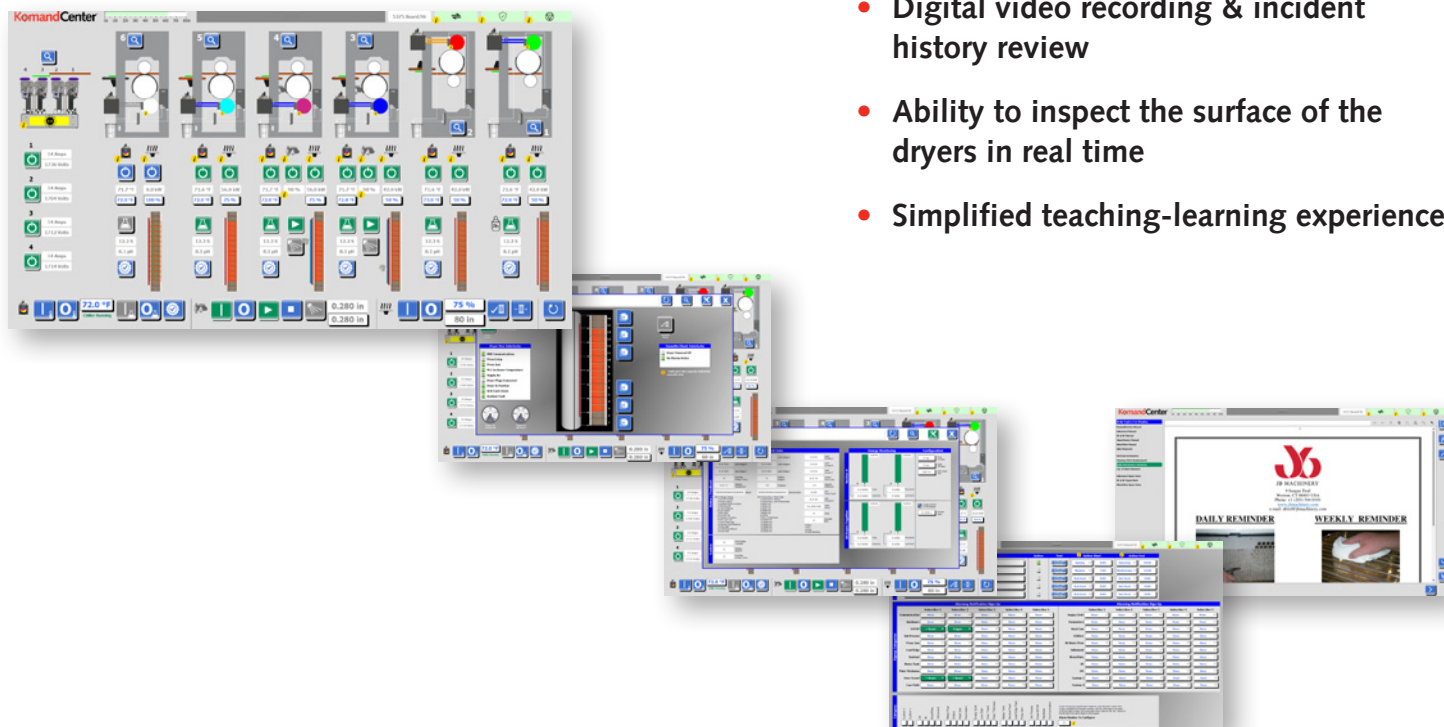

So Why KomandCenter?

Features

- Centralized control dashboard for ALL JB products

- VisionMaster – In press dryer inspection and monitoring

- Operator friendly graphic based design

Benefits

- Simultaneous control of ALL JB products from one easy to use interface

- Remote RFID reset *(not available on all machines)*

- Real-Time dryer inspection & monitoring

- Digital video recording & incident history review

- Ability to inspect the surface of the dryers in real time

- Simplified teaching-learning experience

Optimizing Productivity & Print Quality
